Report No. SAT-00679

Friday April 9, 2010

POLICY BRANCH INFORMATION

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-STA-20100310-00041 E S2439 EchoStar Corporation
Date Filed: 03/10/2010 11:07:36:13600
Special Temporary Authority

EchoStar Corporation requests special temporary authority for an additional 180 days to operate its EchoStar 8 satellite in the 12.2-12.7 GHz (space-to-Earth) and 17.3-17.8 GHz (Earth-to-space) frequency bands from the 77° W.L. orbital location. The requested operations are pursuant to agreements between and among EchoStar, QuetzSat S. de R.L. de C.V., and SES Global Latin America, S.A. In its request, EchoStar states that QuetzSat has confirmed that the Mexican Administration does not object to interim operation of EchoStar 8 as a U.S.-licensed satellite providing service to the United States from the 77° W.L. orbital location, provided that the satellite operates in conformance with the technical characteristics in QuetzSat's BSS concession from the Mexican Administration.
